# GLOBAL VISION

VISION GLOBALE | VISIÓN GLOBAL | VISÃO GLOBAL

In the last few years, the company began its expansion worldwide, mainly through strategic associations and protocols with major companies and global leading brands. Today, besides the European market, we are present in the Middle East, Asia, Maghreb, South America and some countries of the African Continent.

Au cours des dernières années, l'entreprise a initié son expansion mondiale à l'abri de partenariats et protocoles avec les plus importants agents locaux de chaque région. À ce jour, en plus d'une forte présence sur le marché Européen, nous comptons aussi avec une présence sur le Moyen Orient, l'Asie, le continent Africain et l'Amérique du Sud.

En los últimos años la empresa empezó su expansión internacional, apoyada en una estrategia de asociación y de acuerdos con las más importantes empresas y marcas líderes en cada mercado. Además del mercado europeo, la marca Torneiras Roriz se está expandiendo en el Oriente Medio, Asia, Magreb, América del Sur y en algunos países del continente africano.

A empresa Torneiras Roriz iniciou a sua expansão internacional, suportada principalmente no estabelecimento de parcerias e na assinatura de acordos com marcas líderes nos seus mercados. Estamos no mercado Europeu, e em franca expansão no Médio Oriente, Ásia, Magreb, América do Sul e alguns países do continente Africano.

# OUR QUALITY

NOTRE QUALITÉ | NUESTRA CALIDAD | A NOSSA QUALIDADE

Torneiras Roriz SA has implemented a quality management system, certified by AENOR, according to ISO 9001, for "Design and Manufacture of sanitary articles and accessories (faucets, single handles, mixers, monoblocs and accessories)", which shows the organization's commitment to the quality and satisfaction of its Clients and other stakeholders. By adopting the ISO 9001 standard, Torneiras Roriz S.A. has greater organization, productivity and credibility, thus increasing its competitiveness in the national and international markets. This is possible thanks to the standardization of products and services so that their quality is continuously improved.

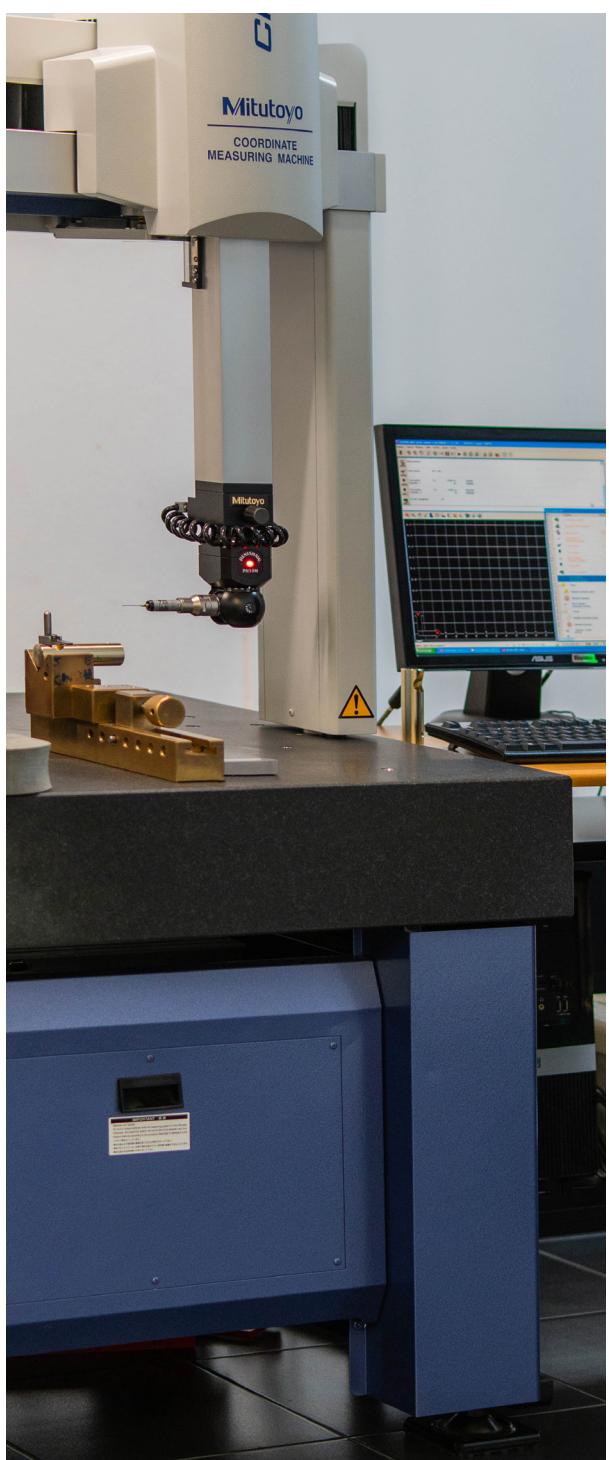

In addition to the certified management system, our company also has product certification under NF, ACS, AFNOR, among others. The NF mark is a product certification that meets French and European standards. ACS certification attests that the products / raw materials tested are suitable for contact with drinking water. Brass parts intended for contact with drinking water, the chemical composition restrictions in the standard according to the latest version of the "4 MS Common Composition List" apply.

The certifications granted by AENOR, CSTB represent prestige and credibility and are also a recognition of a work that we have been developing with the ultimate goal of providing the satisfaction of our customers and other stakeholders through the provision of products and high quality services.

Torneiras Roriz SA a mis en place un système de gestion de la qualité, certifié par AENOR, selon ISO 9001, pour «Conception et fabrication d'articles sanitaires et d'accessoires (robinets, mélangeurs, monoblocs et accessoires)» qui montre l'engagement de l'organisation envers la qualité et la satisfaction de ses clients et des autres parties prenantes. En adoptant la norme ISO 9001, Torneiras Roriz S.A. a une organisation, une productivité et une crédibilité accrues, augmentant ainsi sa compétitivité sur les marchés nationaux et internationaux. Ceci est possible grâce à la standardisation des produits et services afin que leur qualité soit continuellement améliorée.

En plus du système de gestion certifié, notre entreprise a également la certification de produits sous NF, ACS, AFNOR, entre autres. La marque NF est une certification de produit répondant aux normes françaises et européennes. La certification ACS atteste que les produits / matières premières testés sont adaptés au contact avec l'eau potable. Pour les pièces en laiton destinées au contact avec l'eau potable, les restrictions de composition chimique on applique la norme selon la dernière version de la «Liste de composition 4 MS Commom».

Les certifications accordées par AENOR, CSTB représentent le prestige et la crédibilité et sont également une reconnaissance d'un travail que nous avons développé dans le but ultime de fournir la satisfaction de nos clients et autres parties prenantes à travers la fourniture de produits et services de haute qualité.

A Torneiras Roriz SA ha implementado un sistema de gestión de calidad, certificado por AENOR, de acuerdo con ISO 9001, para "Diseño y fabricación de artículos y accesorios sanitarios (grifos, mezcladores, monobloques y accesorios)" que muestra el compromiso de la organización con la calidad y la satisfacción de sus Clientes y otras partes interesadas. Al adoptar la norma ISO 9001, Torneiras Roriz S.A. tiene una mejor organización, productividad y credibilidad, aumentando así su competitividad en los mercados nacionales e internacionales. Esto es posible gracias a la estandarización de productos y servicios para que su calidad se mejore continuamente.

Además del sistema de gestión certificado, nuestra empresa también cuenta con certificación de productos bajo NF, ACS, AFNOR, entre otros. La marca NF es una certificación de producto que cumple con los estándares franceses y europeos. La certificación ACS certifica que los productos / materias primas analizados son adecuados para el contacto con el agua potable. Para las piezas de latón destinadas al contacto con el agua potable, se aplican las restricciones de composición química en el estándar de acuerdo con la última versión de la "Lista de composición de 4 MS Commom".

Las certificaciones otorgadas por AENOR, CSTB representan prestigio y credibilidad y también son un reconocimiento de un trabajo que hemos estado desarrollando con el objetivo final de proporcionar la satisfacción de nuestros clientes y otras partes interesadas a través de la provisión de productos y servicios de alta calidad.

A Torneiras Roriz S.A. tem implementado um sistema de gestão, na área da qualidade, certificado pela AENOR, segundo a Norma ISO 9001, para os âmbitos de "Design e Fabrico de artigos sanitários e acessórios (torneiras, monocommandos, misturadoras, monoblocos e acessórios)" que permite demonstrar o compromisso da organização com a qualidade e satisfação dos seus Clientes e restantes partes interessadas. Através da adoção da norma ISO 9001, a Torneiras Roriz S.A. dispõe de uma maior organização, produtividade e credibilidade, aumentando assim a sua competitividade nos mercados nacional e internacional. Isto é possível graças à normalização de produtos e serviços, para que a qualidade dos mesmos seja permanentemente melhorada.

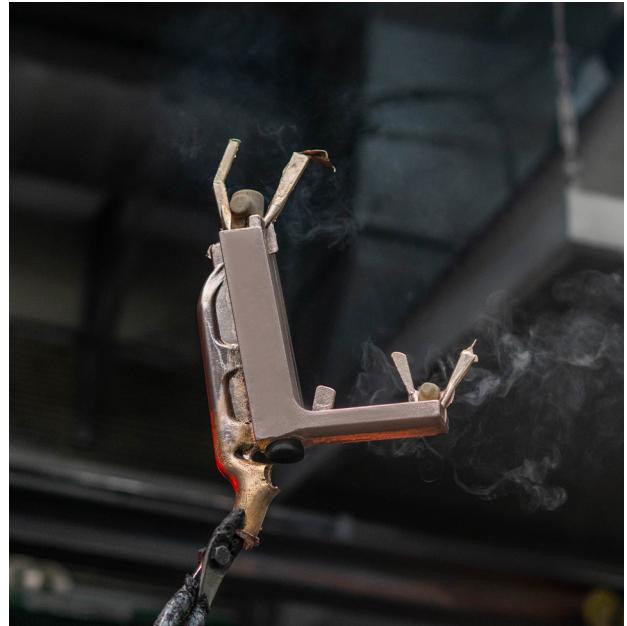

Para além do sistema de gestão certificado, a nossa empresa também dispõe de certificação de produto com marca NF, ACS, AFNOR, entre outras. A marca NF é uma certificação de producto que cumpre as normas francesas e europeias. A certificação ACS atesta que os produtos/matérias-primas testados são adequados ao contato com água para consumo humano. Para as peças de latão destinadas ao contato com água potável, são aplicadas as restrições relativas à composição química constante na norma de acordo com a versão mais recente da "4 MS Commom Composition List".

As certificações atribuídas pela AENOR, CSTB representam prestígio e credibilidade e são também o reconhecimento de um trabalho que temos vindo a desenvolver com o objetivo último de proporcionar a satisfação dos nossos Clientes e restantes partes interessadas, através do fornecimento de produtos e da prestação de serviços de elevada qualidade.

# GENERAL SALES CONDITIONS

CONDITIONS GENERALES DE VENTE | TÉRMINOS Y CONDICIONES  
GENERALES DE VENTA | TERMOS GERAIS E CONDIÇÕES DE VENDA

## GENERAL SALES CONDITIONS

### 1 General

1.1 These General Terms and Conditions shall apply to all contracts/sales. The language of the contract/sale shall be Portuguese or English.

1.2 The place of jurisdiction shall be the court responsible for our domicile in Braga – Portugal. We are also entitled to call upon the court responsible for our customer's domicile.

### 1.3 Portuguese law is applicable

1.4 The fact of the customer not receiving the General Terms and Conditions of Sales in his language of origin does not move away the application from the same one.

### 2 Delivery

2.1 Place of performance shall be our factory in Braga – Portugal. Except if specifically agreed "CIF" for the delivery of the products to the destination, the risk shall be transferred to the Customer when the delivery leaves the ramp in our factory. This shall apply also to partial deliveries and where we have undertaken additional services such as costs of transporting, packing or insurance; exportation; and installation.

2.2 Where we have accepted Orders on Call, Standing or Blanket Orders, the Customer must call up the entire order quantity within 6 months. If there be any delay in the Customer's acceptance of a shipment, we may, at our own discretion, have the products stored at the Customer's expense or, after providing a warning and setting a deadline, sell the products for account of the customer.

### 3 Deficiency claims

3.1 The Customer shall be obliged to promptly and carefully check incoming products – also for product safety – and to notify us of any apparent deficiencies in writing, any hidden defects as soon as they are found. The Customer must notify the carrier immediately of any transport damage. Non-observation of the obligation to check and give notice of defects, within 8 days following the reception of the products, will void any and all warranty claims for those deficiencies.

3.2 The devolution of any merchandise must solely be effected after our assent.

### 4 Retention of Title and Assignment of Future Claims

4.1 Goods delivered shall remain our property until the complete and unlimited payment of all of our debt claims against the Customer. If we still have further claims against the customer, we reserve our property rights until the payment of this.

4.2 The Customer may neither use conditional goods nor merge nor combine them with other objects, to which a third party may have rights. If, however, conditional goods become a component of a new object, then we shall be a direct proportional co-owner of this object even if it constitutes a new legal entity. Our proportion of co-ownership shall be based on the relation of the invoice value of the conditional goods to the value of the new object at the time of the connection.

4.3 The Customer may resell the conditional goods in his normal course of business as long as his claims from the resale have not been assigned, pledged or otherwise encumbered.

4.4 The Customer shall assign to us in advance as collateral any claims against his customers from the resale of the conditional goods (see clause 4.3) and/or newly formed objects (see clause 4.2) to the value of our invoice for the conditional goods. If the Customer is not in default of payment for the conditional goods, he may collect the assigned claims in his normal course of business. However, he may only use the proportional proceeds for the payment to us for the conditional goods.

4.5 The Customer is required to immediately inform us of any attachments, confiscation or any other right to disposal of a third party with regard to the conditional goods or the goods co-owned by us.

4.6 In the case of failure to pay in exchanges or checks, or if debit requests or direct debit authorizations are not carried out or are retroactively cancelled, or if the Customer or the end user become insolvent or suspend payments, the Customer shall lose all rights as per clause 4.3. The Customer must immediately notify any subsequent purchaser of our extended retention of property rights. He may only use the proportional proceeds, which are based on the assignment, for the payment of the goods delivered.

4.7 If default of payment occurs or in those cases covered in clause 4.6, we shall be authorized to withdraw from the contract/sale, and/or to demand the return of any conditional goods, even without withdrawal, in the possession of the Customer and/or to collect the assigned debt claims directly. In order to determine our rights, we shall have the right to have the Customer's documents and books concerning our reserved rights examined by a person who is subject to the professional duty of confidentiality.

### 5 Legal reservation, industrial proprietary rights, secrecy

5.1 We reserve ownership in any of the moulds, tools or other appliances, samples, diagrams, commercial or technical documents produced or provided by us as well as all copyrights, proprietary and intellectual property rights in any such item. This applies also if the Customer has wholly or partly borne the costs of this. The use of any such item by the Customer is subject to our prior written approval. The Customer is neither entitled to manufacture the subjects of this agreement nor to have them manufactured on his behalf, without our approval in writing.

5.2 If we deliver goods according to designs or other requirements specified by the customer (models, samples etc.), he is liable by default for ensuring that through the production and delivery of these products industrial property rights or other rights of third parties are not infringed. He shall be obligated by default to provide compensation for all damages resulting from such legal infringements.

5.3 All information acquired through the business relationship with us which is not deemed to be public knowledge shall be deemed proprietary and may not be disclosed by the customer to any third party.

## TERMOS GERAIS E CONDIÇÕES DE VENDA

### 1 Termos gerais

1.1 Estas condições gerais regem todos os contratos/vendas com o cliente. O idioma contratual/venda será a língua portuguesa ou inglesa.

1.2 O foro competente é o da nossa sede em Braga – Portugal. Nos reservamos também o direito de recorrer ao foro competente para a sede do cliente.

### 1.3 Será aplicável o Direito Português.

1.4. O facto de o cliente não ter recebido as presentes condições Gerais de Venda na sua língua de origem não afasta a aplicação da mesma.

### 2 Entrega

2.1 O lugar de cumprimento do contrato/venda encontra-se na nossa fábrica de Braga – Portugal. Excepto se especificamente acordado "CIF" para a entrega da mercadoria no destino, o cliente assumirá o risco a partir do momento do envio, quando a mercadoria abandona a rampa na nossa fábrica, e também naqueles casos, em que se proceda a entregas parciais ou em que tenhamos assumido outros serviços, tais como, expedição, gastos de transporte, de embalagem, gastos de seguro, de exportação ou de montagem. O cliente é responsável pelo transporte e tarifas de seguros até o local da entrega.

2.2 Caso tenhamos aprovado um pedido sem data de entrega, o cliente se compromete a retirar o total da mercadoria em um prazo de 6 meses. Caso o cliente incorra em demora na retirada, nos reservamos o direito de armazenar a mercadoria com encargos ao cliente, ou vendê-la sem prejuízo de nossa demanda de cumprimento, após realizar a notificação correspondente e fixar um prazo para a liquidação.

### 3 Reclamações

3.1 O cliente deverá conferir a mercadoria entregue imediatamente no momento do recebimento, também no que diz respeito à segurança do produto, e em caso de defeitos, deverá interpor imediatamente reclamação por escrito; os defeitos ocultos deverão ser indicados imediatamente após serem descobertos. O cliente deverá informar imediatamente ao transportador sobre os danos produzidos durante o transporte. Caso o cliente não cumpra com sua obrigação de verificar e reclamar, no prazo de 8 dias posteriores à recepção da mercadoria, ele não poderá fazer valer as reclamações por defeitos.

3.2 A devolução de qualquer mercadoria deve ser unicamente efectuada após o nosso consentimento.

### 4 Reserva de propriedade, cessão antecipada

4.1 As mercadorias permanecerão em nossa propriedade até o seu pagamento integral de todos os créditos pendentes contra o cliente. Se tivermos ainda outros créditos contra o cliente, assim permanece vigorando a reserva de propriedade até ao seu pagamento.

4.2 O cliente não está autorizado a consumir a mercadoria reservada nem a uni-la com outros objectos, sobre as quais terceiras partes tenham algum direito. Caso, como resultado de sua combinação com outros objectos, se converta em parte de outro objecto, seremos co-proprietários proporcionais do mesmo, mesmo que esta se considere uma unidade principal. Nossa quota de co-propriedade se fixará na relação do valor da mercadoria reservada com o novo objecto no momento da combinação.

4.3 O cliente poderá revender as mercadorias de reserva acima em sua actividade comercial quotidiana, sempre que não tenha cedido, penhorado seus direitos ou que, sobre a coisa, não pese algum outro tipo de impedimento.

4.4 O cliente nos cede todos os direitos que tenha frente à sua própria clientela, oriundas da revenda da mercadoria (item 4.3) e/ou das novas criações (item 4.2) por um valor igual ao de nossas farturas. Desde que o cliente não se encontre em situação de demora no pagamento da mercadoria, ele poderá reaver a cobrança dos créditos no decurso normal da sua actividade empresarial. Somente poderá utilizar os lucros proporcionais para proceder ao pagamento da mercadoria.

4.5 O cliente deverá informar-nos imediatamente sobre a penhora ou o confisco das mercadorias de reserva de nossa co-propriedade efectuadas por terceiros.

4.6 Caso as letras de câmbio ou os cheques se tornem sem efeito, ou uma ordem de pagamento/autorização para cobrança seja revogada, ou em caso de insolvência do cliente ou que se proceda à suspensão do pagamento, incidirão os direitos estabelecidos no item 4.3. O cliente deverá informar imediatamente ao cliente final sobre a prorrogação de nossa reserva de propriedade; unicamente poderá utilizar os lucros proporcionais, baseados na transferência de domínio, para pagamento da mercadoria.

4.7 Em caso de não pagamento, assim como nos casos estipulados no item 4.6, temos direito a rescindir o contrato/venda, e/ou, também sem rescisão, a exigir a devolução da mercadoria que esteja em poder do cliente e a recuperar os créditos cedidos. A fim de determinar nossos direitos, podemos autorizar que uma pessoa, obrigada a manter o segredo profissional, realize a inspecção de toda a documentação/livros do cliente relativos a nossos direitos de reserva.

### 5 Direitos de propriedade industrial, confidencialidade

5.1 Em relação às formas, ferramentas ou demais dispositivos, amostras, moldes, assim como à documentação comercial e técnica, nos reservamos todos os direitos de propriedade industrial e intelectual de caráter comercial. Isso regrerá mesmo que o cliente tenha assumido total ou parcialmente os gastos. O uso de qualquer dos itens mencionados pelo cliente está sujeita a nossa prévia autorização por escrito. O cliente não está autorizado a produzir ou ordenar a produção dos objectos deste acordo sem nossa autorização por escrito.

5.2 Caso devamos entregar mercadorias elaboradas de acordo com as construções ou demais especificações (modelos, amostras, etc.) do cliente, o cliente se responsabilizará culposamente perante nós de que sua produção e entrega não violam os direitos da propriedade industrial ou demais direitos de terceiros. Ele deverá nos ressarcir de todo os danos resultantes de tais violações legais.

5.3 O cliente está obrigado a manter a confidencialidade dos conhecimentos adquiridos durante a relação comercial perante terceiras partes.
